Deactivation: ##62#
Check: *#62#

Call Forwarding No Answer
Activation: **61*Number#
Deactivation: ##61#
Check: *#61#

Deactivate for all types of Call Forwarding
##002#

The service is paid if you answer the incoming call to your number from the second number. The fee will be deducted according to the tariff condition included in the number.

Please note:

- The Call Forwarding will not be activated if any type of "Baring" is enabled on the number.

- The Call Forwarding will be turned off if the phone is switched off within 3 days after the service is activated.

- **Call forwarding when busy*:** If you have activated the Call Waiting service, the call will not be forwarded until you disconnect the incoming call. After disconnecting, the call will go to the forwarding number.
